

GREASE pumice hand cleaner GETTER

Dispensing System Dispenser · Bottle · Valve

SUPER SIZE DISPENSER

the answer to high volume soap requirements.

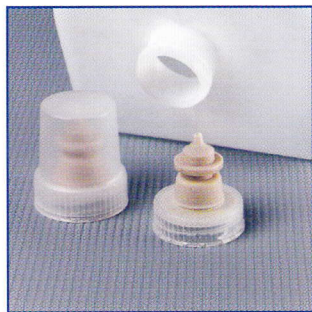

- Keeps pumping soap after small dispensers "run out".
- Reduces cost per wash:
 - less labor to refill
 - no messy bulk liquids to refill
 - cost is spread over large volume
 - fewer bottles to replace
- Molded of long lasting easy to clean Celcon®.
- Dispenses Bruske Grease Getter easily.
- Classic design looks great in commercial and industrial settings.

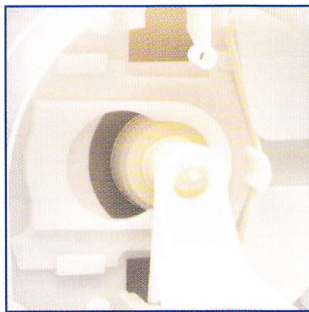

Fast Installation

30 second replacement

Proven patented valve eliminates clogging or leaking.

Unique cam lock prevents unauthorized removal of bottle.
