

# BRUSKE RELEASE D'GREASE PLUS

Extra Heavy Duty Cleaner/Degreaser  
and Floor Finish Remover

Superpowers ... your childhood fantasy. Those comic book heroes never let you down. Taking on the impossible. Beating the bullies. Humbly vanishing when the job was done.

The fantasy is gone. But the feeling is still there. One look at years of wax build-up, grease and grime on older surfaces: encrusted machinery or industrial equipment, grimy walls and kitchen ventilating hoods, furnace areas and vehicle engines. You know you still need that superhero. You need RELEASE D'GREASE PLUS.

Great for stripping wax, this non-ammoniated, biodegradable super-cleaner works with water to dissolve the bad guys: grease, carbon deposits, dirt and soap scum. It's safe on virtually all surfaces and vanishes when the job is done — gliding off equipment with a simple water rinse. RELEASE D'GREASE PLUS is your superpower. You've waited long enough!

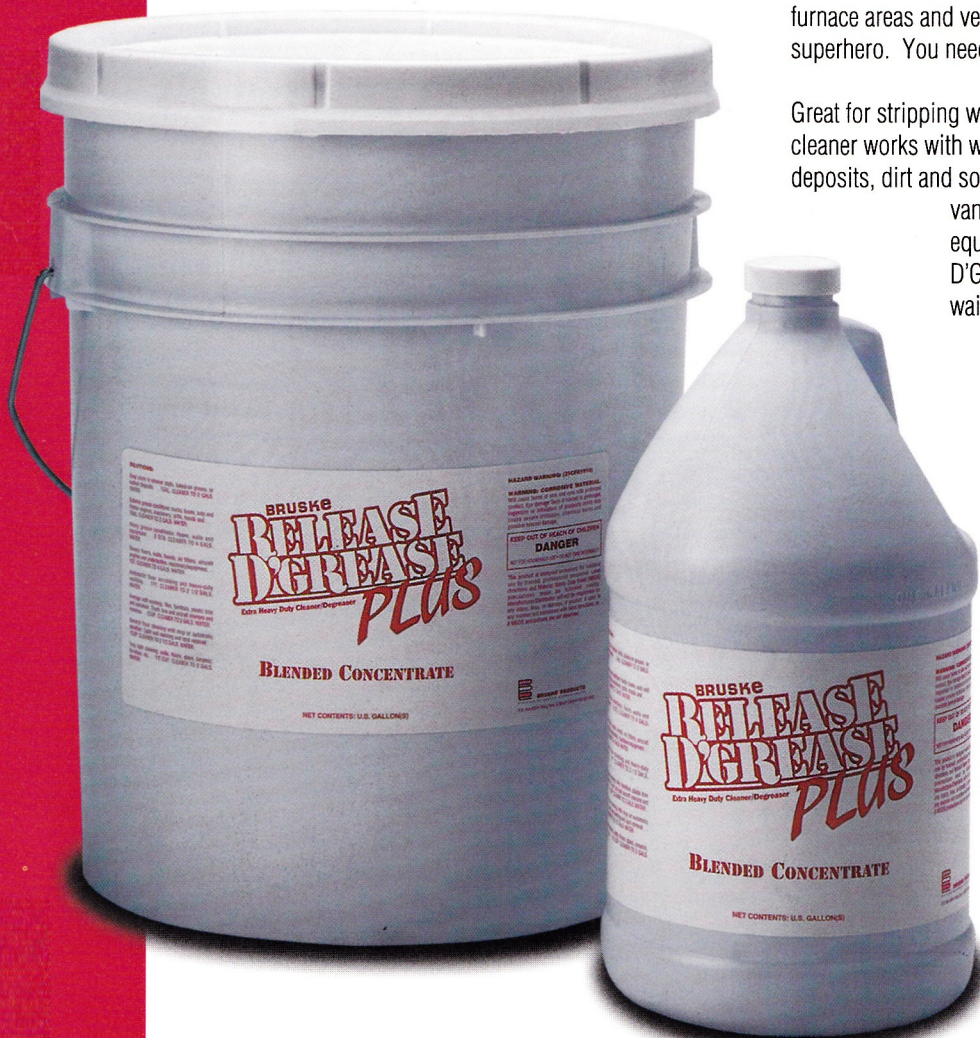

#### SPECIFICATIONS

- Physical Form: Liquid
- Color: Red
- Odor: None
- Solvent Content: None

RELEASE D'GREASE PLUS can handle any kind of dirt and grime. It's simply the best wax stripper you can buy. I PERSONALLY GUARANTEE IT!
